

# Protac SenSit® Frame

Combines comfortable seating with sensory stimulation in the chair

Contributes to increased self-help and thereby quality of life

User friendly for both elderly and persons with disabilities

Enables flexible use of Protac SenSit®

Easy to sit down and get up again

**"Makes  
the use of the  
SenSit-chair  
much more  
flexible"**

**"Our residents  
will definitely use  
the chair when they  
know they can get up  
by themselves"**

**"Great  
that the chair can  
easily be moved around,  
e.g. moving from one  
room to another"**

**"Great  
for hygiene and  
cleaning purposes as  
the chair can easily  
be moved"**

**PROTAC®**  
INTEGRATING SENSES
